In the matter of Section 9 of The Municipal Franchises Act, R.S.O. 1950, Chapter 249, as enacted by Statutes of Ontario (1954), Chapter 60, Section 3, as amended;

And in the matter of an Application by Union Gas Company of Canada, Limited for approval of the terms and conditions upon which and the period for which a proposed By-law of The Corporation of the Township of Dover authorizes the Company to lay down, maintain and use pipes and other necessary works for the transmission and distribution of gas on, in, under, along or across any highway under the jurisdiction of the Council of The Corporation of the Township of Dover, together with the right to transmit gas in and through the Municipality and to bring in, produce, distribute, supply and sell gas to residents of the Municipality.

And in the matter of a request by the Company that the Ontario Fuel Board direct and declare that the assent of the electors of the Municipality is not necessary, for the approval of such By-law.

#### APPLICATION FOR HEARING

1. Union Gas Company of Canada, Limited produces, purchases, transmits, distributes, supplies and sells gas throughout Southwestern Ontario.

2. The Township of Dover is a Municipality in the County of Kent extending between the Thames River on the south, Sydenham River on the north, Lake St. Clair on the west and Provincial Highway No. 40 on the east. The Township itself is quite heavily populated and the City of Chatham is located at the extreme southeast corner of the Township and the Town of Wallaceburg at the extreme northeast corner of the Township. The portions of the Township which border the City of Chatham and the Town of Wallaceburg are steadily increasing in population and contain solidly built-up residential areas.

3. Union Gas by virtue of taking over certain predecessor Companies has had franchise rights in the Township of Dover since 1908 and under those rights has over the course of years laid numerous transmission lines through the Township, a series of gathering lines through the Township and has been extending gas service to residents of the Township along such lines and more recently in quite a substantial way to residents of the Township in the built-up areas adjacent to such pipe lines and to the City of Chatham and the Town of Wallaceburg.

4. Because of the number of its pipe lines in the Township of Dover, the present number of its consumers in that Township and the foreseeable increase in the number of its future consumers in that Township, the Company desires to obtain a general transmission and distribution franchise in the Township of Dover.

5. Company representatives have met the Council of the Township of Dover to discuss with them a proposed franchise By-law to accomplish the purposes above set forth. Agreement has now been reached between the Company and the Council on the form of such proposed franchise By-law and on the 25th day of May, 1955, the Council give the proposed By-law two readings and stood the same over for final action after the same has been approved by the Ontario Fuel Board.

6. At the time Company representatives last met the Council of the Township of Dover in this matter, it was pointed out that The Ontario Fuel Board has power to dispense with the vote of the electors in these matters and the Township Council indicated that it did not see any necessity in this matter for the holding of a vote.

7. Pursuant to Section 9 of The Municipal Franchises Act, R.S.O. 1950, Chapter 249, as amended, Union Gas Company of Canada, Limited now applies to the Ontario Fuel Board for approval of the terms and conditions upon which and the period for which the said proposed By-law grants to Union Company the rights therein set forth and Union Gas Company of Canada, Limited further requests that the Board shall direct and declare that the assent of the electors of the Municipality to the said proposed By-law is not necessary.

Dated at Chatham, Ontario, this 11th day of August, A.D. 1955.
